MISSION

To provide a Catholic education that inspires students to learn, to work, to live fully, and to serve God in one another.

FOUNDATIONAL VALUES

† Faith

We cherish our Catholic tradition.
We live our faith in word and action.
Your word is a lamp for my steps and a light for my path.
(Psalm 119:105)

† Hope

We create learning opportunities for every child.
We share the responsibility for the well-being of our children with family and community; it takes a village to raise a child.
I have come that they may have life and have it to the full. *(John 10:10)*

† Love

We value all people - created in the image and likeness of God.
We celebrate the opportunity to love and serve others.
You are my child, the Beloved. *(Mark 1:11)*

OUR PATRON

St. Mary, the Mother of God.

The honour paid to Mary, the virgin mother of Jesus Christ our Lord and God, goes back to the earliest days of the Church. Indeed, it goes back further, for even before the birth of her Son, Mary prophesied, "From this time forth, all generations shall call me blessed".

Catholics throughout the world praise and honour Mary, our blessed Mother, through prayer and service.

The month of May is both named for and dedicated to Mary, the Mother of God, while October is dedicated to the Rosary. Mary's birthday is celebrated on September 8. The Immaculate Conception of the Blessed Virgin Mary is celebrated on December 8, while the feast of the Assumption of the Blessed Virgin Mary is observed on August 15.

Mary's statue stands at the entrance of our school to welcome all who enter and to protect all who leave.

Hail Mary, Full of Grace, the Lord is with thee. Blessed art thou amongst women and blessed is the fruit of thy womb, Jesus.

Holy Mary, Mother of God, Pray for us sinners, now and at the hour of our death. Amen.

HISTORY

January 10, 1958, marked the first meeting of the Board of the Yorkton Catholic School District, which established the youngest Catholic School District in Saskatchewan. Our school was named after St. Mary's Parochial School (1919-1959).

Together with our twin school, St. Alphonsus, construction began in August of 1958 and was completed sufficiently for school opening in September of 1959. The cost of St. Mary's project at the time was approximately \$100 000.

September 1, 1959, marked the first day of classes. The enrolment was 171 students in grades 1-8. November 15, 1959, marked the Solemn Blessing and Official Opening.

In 1963, there was an addition of 350 square metres. In 1968, there was a second addition of 300 square metres.

The 1969-70 school year saw St. Mary's become a grade 1-6 school. Then in 1970-71, St. Mary's enrolled its first Kindergarten class.

A larger renovation project began May 10, 1988, and was completed December 31, 1988, at a cost of \$1 314 659. This renovation included a mini-chapel and the school's first gymnasium.

Since the last addition to St. Mary's, two portable classrooms have also been built. The last one was added in 1998 at a cost of \$170 000.

In the fall of 2002, St. Mary's School was designated a "Community School" by the Saskatchewan Government. Program direction created the need for a community kitchen. This renovation project was completed in the spring of 2007.

STUDENT CONDUCT

We expect students to always behave in a Christian manner towards each other. We expect children to respect each other and each other’s property, to apply themselves diligently to their schoolwork and to apply the teachings of Jesus in their daily lives.

A focus of our school is to create an environment where children feel safe and can learn in a risk-free manner. To help assist us in our endeavours we will focus on pro-social skills. We will assist students in developing positive behaviours in our student population. The ultimate goal is to create students who are self-disciplined and reflective of their behaviours and their actions. The Gospel values of healing and forgiveness will guide us in seeing discipline as an opportunity to teach and nurture.

In managing student behaviour, teachers will deal with problems that may arise. In areas of more serious behaviour problems, there may be intervention by the school’s administration. The school’s administration will be guided by the Christ the Teacher Administrative Procedures and by the expectations outlined in The Education Act, 1995.

THREAT – RISK GUIDELINES

The Christ the Teacher School Division requires that all threats be treated seriously. A **threat** is an expression of intent to do harm or act out violently against someone or something. It can be written, spoken or symbolic, such as a hand gesture. A “threat” may include words or actions to intimidate, intent to inflict harm, harass or bully other persons or damage property.

All “threats” will be assessed. The school Threat Assessment Team will determine the appropriate interventions and disciplinary actions to be taken. Please refer to school division administrative procedure AP 354 Threat Assessment Protocol for further information.

FAIR NOTICE LETTER

The safety of our children is of top priority for all of us. We, the Good Spirit School Division and Christ the Teacher Catholic Schools, are involved in intensive safety training with our community partners. Together, we developed a plan for responding to high-risk behaviours. High-risk behaviours include, but are not limited to, possession of weapons, bomb threats and threats to injure oneself or others.

This letter is to inform you the GSSD/CTCS school systems have a policy that requires principals to initiate a “threat assessment” in all cases of students displaying any type of high-risk behaviour. Should you wish to review the “Administrative Procedure 165: Safe Schools” or “Administrative Procedure 354: Threat Assessment”, please visit our websites at either www.gssd.ca or www.christtheteacher.ca. The purpose of these assessments is to determine how best to support high-risk students so that their behaviour does not become hurtful or destructive. If your child comes home and tells you that a student has behaved in a threatening way at school, please advise your principal and be assured that your principal will be taking measures to deal with the situation in a positive and proactive manner. If your principal invites you to a meeting to discuss safety concerns about your own child, please be assured that the procedure is being followed and that the primary goal is safety, not punishment.

This letter is intended to serve our community with fair notice that we, as school communities, will not accept “no response” to a serious threat. Our goal is to respond to all threats in a professional manner that provides for a healthy and caring learning environment.

We are pleased to provide, in conjunction with our community partners, a safe environment for all of our students.

STUDENT PROGRESS REPORTS

Students will be assessed on their progress toward the attainment of the outcomes for their grade-level. They will provide evidence of their achievement through their productions, and conferences with teachers. Teachers will also collect evidence through their observations of the student's learning.

The level of student achievement will be indicated for each strand of the subject area. A strand is a group of outcomes related to one area of the curriculum for the subject. Each subject has no more than 4 strands. Students will not receive a rating for the subject. Assessing by strand gives students and parents more precise information about a student's strengths and progress in each area of the curriculum than is possible with one number.

Through the learning process, students will always be aware of the learning target, and they will receive frequent and detailed feedback on their progress toward that target. Reports will be distributed in November, March and June.

The school division utilizes common criteria for the outcomes, to ensure consistency in assessment across the division.

STUDENT-LED CONFERENCES

Student-Led Conferences, which take the place of the traditional "Parent-Teacher Interviews", are used as a further means of communicating student progress. During your scheduled time, your child will highlight exemplary work, and share items from his/her learning portfolio.

All conferences will be 15 minutes in length. If more time is required, you will have to make another appointment. Student-Led Conferences are held in November and March of each year. Parents will be notified with specific dates and times.

STUDENT AWARDS

An awards program is held at the conclusion of each school year to recognize individuals who deserve honour for their dedication and achievement in curricular and extra-curricular programs at St. Mary's School.
