

Board Highlights (January 2020)

Notes from the January 13, 2020 Regular (Public) Meeting of the Christ the Teacher Roman Catholic School Division (CTTCS) Board of Education.

Parent / Guardian Survey

To provide parents the opportunity to offer feedback into the programs and services available in our schools, CTTCS is committed to conducting a parent survey biennially. Division results, as well as school-based reports, are reviewed to highlight areas of celebration of the good work occurring in our schools and Division. Data also informs Division and school staff of areas that may be targeted for action planning and improvement. Superintendent of Education Chad Holinaty shared the results of the survey that collect feedback on four key areas – Faith Formation, Student Learning, School Climate, and Communications. Overall feedback was positive, with an average of 93.12% of respondents reporting they “Strongly Agree” or “Agree” with survey items.
